

## How to integrate the web services on your website

Author(s) : ▪ <i>Lydie Cornand</i>	Creation date : 14-04-2011	Topics: <i>User guide to include web services on partner's websites</i>
---------------------------------------	----------------------------	--

To embed the Agenda Med and/or Link in Med web services on your website, someone familiar with HTML language may be necessary. These services are free if managed internally and could cost ½ to 1 working day maximum (as a reference only).

### To embed the Agenda Med and Link in Med links

- Insert the URL link (<http://www.invest-in-med.eu/fr/agenda/liste-toutes.html>) through your content management system or directly on your HTML page.
- Download the Agenda Med and Link in Med logos and embed them on your web page.

**Time to set up the tool: 10 minutes**

In exchange, we propose to embed your logo on the Invest in Med website ([www.invest-in-med.eu](http://www.invest-in-med.eu)):

- in the « Links » section, located at the bottom right of the [www.invest-in-med.eu](http://www.invest-in-med.eu) pages;
- in the « Link in Med » section (business partnership) located on the left part of the pages, where virtual stands are presented (example for the ANIMA's website: [www.invest-in-med.eu/fr/resultat-link-inMed-34-81.html](http://www.invest-in-med.eu/fr/resultat-link-inMed-34-81.html)).

In that case, please send us more information concerning your organisation (logo, full name, sector of activity, web site, address, ...). Alternatively you can register and fill the form directly on our website ([http://www.invest-in-med.eu/en/mon-compte-creation/clear\\_op/on.html](http://www.invest-in-med.eu/en/mon-compte-creation/clear_op/on.html)).

### To embed the Agenda Med RSS feed

A webmaster or a web developer is required to embed the RSS feeds on your web page. It is available:

- in French on this page : <http://www.invest-in-med.eu/fr/flux-rss-54.html>
- in English on this page : <http://www.invest-in-med.eu/en/rss-feeds-54.html>

The web developer will format the feed on your web page using the layout you want (titles displayed in rows or columns, information to display, changing fields ...). Example: the left column "Agenda Med" on the ANIMA's website ([www.anima.coop](http://www.anima.coop)).

**Time to set up the tool: ½ to 1 day**

## To embed the Agenda Med and/or Link in Med widget

A webmaster or someone who is familiar with HTML language is required to embed the widget on the web pages. Please give the widget codes included in the terms and conditions to this person.

He/she will embed the widget on the home page based on the web site requirements..

**Time to set up the tool: 30 minutes to ½ day**

Should you require further information regarding these services, please contact:
